

Fraud and Abuse Statement

Fraud is defined as an intentional deception or misrepresentation made by a person with the knowledge that the deception could result in some unauthorized benefit to himself or herself or some other person. The key behind fraud is intent. A person or entity will misrepresent information to obtain something of value that they would otherwise not qualify for. Fraud can be done by a single person, institution or a group. Anyone can commit fraud.

Examples of Fraud include, but are not limited to:

- Knowingly and/or purposefully filling out a timesheet incorrectly for hours or services that were not provided during the times listed or on the day listed;
- Knowingly and/or purposefully approving the Vendor Fiscal/Employer Agent (F/EA) Financial Management Service (FMS) to bill the VA for services that were not provided;
- Knowingly and/or purposefully using the PDS budget for any other purpose than what has been approved in the participant's individual service plan.
- Knowingly and/or purposefully allowing an employee to submit for services or hours that were not provided.
- Knowingly and/or purposefully submitting invoices to the Vendor F/EA FMS for goods and services that were not provided.
- Knowingly and/or purposefully having the Vendor F/EA FMS pay for services to an individual when services were provided by someone else.
- Knowingly or purposefully withholding information from authorities during an investigation.

Abuse is defined as practices that are inconsistent with sound fiscal, business, or medical practices, and result in an unnecessary cost to the Veterans program, or in reimbursement for services that are not medically necessary or fail to meet professionally recognized standards for health care.

Examples of Abuse include:

- Making errors when filling out the employee timesheets and not reporting those errors in a timely manner to the FMS.
- Employee billing for services when the veteran is in the hospital.
