ACL Provides New Training Opportunities for Respite Care Providers

Entry-level respite providers have a new training option from the ARCH National Respite Network and ACL (Administration for Community Living). The National Respite Care Provider Training program follows a country-wide initiative to enhance respite services. The 2022 National Strategy to Support Family Caregivers calls for improved access to respite services. This online program aims to make respite care services more accessible and easier to perform.

Submitting Timesheets with PremierFMS

The PremierFMS e-Timesheets User Manual is your source for submitting your timesheets accurately and on time. At PremierFMS, we want to provide you with tools and resources to improve your Self-Direction journey. The manual can be used to support Participants, Direct Care Professionals (DCPs), and Representatives. This manual helps you with setting up your account, submitting timesheets, and resolving errors.

PremierFMS Celebrates World Alzheimer's Day

On September 21, we will be celebrating World Alzheimer's Day, in culmination of World Alzheimer's Month (WAM) in September. PremierFMS wants to provide you with tips on recognizing Alzheimer's and where you can find more resources.

Alzheimer's Disease International (ADI) helps lead Alzheimer's awareness throughout September and wants to change how people view dementia with this campaign. Negative perceptions and discrimination towards the disease overshadow the positive work done to build awareness around the globe.

DVRW Supports Your Voice Being Heard

Last week was Disability Voting Rights Week (DVRW). DVRW was celebrated from September 9-13 and was promoted by the American Association of People with Disabilities. In partnership with the REV Up campaign, DVRW advocated for voters with disabilities, regardless of their political view. This nonpartisan effort amplifies the representation and voices of voters with disabilities.
